

Do you have concerns about your preschool child's language skills?

Parents Plus is here to help.

What Is Parents Plus?

At Lehigh, we are testing a free program called Parents Plus. Parents Plus is an on-line program that teaches parents how to help their children with their language skills. You learn through sessions on an app and a personal Coach. Parents complete Parents Plus at any convenient location or time (daytime, evenings, or weekends).

How Do I Know if Parents Plus is Right for My Child?

The Parents Plus program is for parents who have preschool children (ages 3-5) who have limited language skills. Children may be receiving speech-language services already but they do not have to be. Parents Plus works on helping children learn new words and speak in longer sentences.
